

# **PROJECT FACT SHEET**

**Livingston Median Widening  
EA 10-0Q120 Proj ID 10 0002 0401  
(10-MER-99-PM R28.2/R37.3)**

## **Location Map:**

## **Project Description:**

The project consists of the construction of one freeway lane within the median in each direction on State Route 99 (SR 99) between 0.2 miles south of the Hammatt Avenue Overcrossing located at post mile (PM) 28.8 and the Merced County/Stanislaus line located at PM R37.3 in Merced County.

## **Purpose and Need:**

The need for the project is to address freeway capacity restrictions within the study limits, which is anticipated to reach or exceed existing capacity on or before the year 2030. Additionally, this section of freeway is not consistent with the route concept/development and would pose a bottleneck for freeway users, since the freeway on either end of the project is already widened to three lanes in each direction. Thus, the purpose of this project is to add capacity to SR 99 by adding additional lanes within the median.

The proposed project is consistent with the concept facility identified in District 10's SR 99 Transportation Concept Report (TCR) (the project limits lay partially within Merced County Segment 9 and entirely within Merced County Segments 10 through 13.); is identified in the Route 99 Corridor Enhancement Master Plan as a Regional Transportation Plan Project Candidates for District 10. State Route 99 is functionally classified as a major arterial for its entire length within District 10.

**Funding Source:** It is anticipated the project will be funded from a combination of Merced County's Regional Transportation Program, Statewide Interregional Transportation Improvement Program and possibly State Route 99 Bond Act Program funds.

<b>Total Estimated Capital and Support Costs: (and includes escalation Factors)</b>	<b>Capital \$\$ (in \$1,000's)</b>	<b>Support \$\$ (in \$1,000's)</b>
Project Approval & Environmental Document		\$3,043
Plans, Specifications & Estimates		\$3,500
Right of Way	\$67,300	\$950
Construction	\$240	\$6,600

<b>Current Schedule:</b>	<b>Date:</b>
Project Study Report (M010)	1-19-2007
Project Approval & Environmental Document (M200)	4-01-2013
Right of Way Certification (M410)	12-01-2014
Ready-To-List (M460)	12-15-2014
Approved Construction Contract (M500)	7-01-2015
Project Completion (M600)	9-01-2016

**Current focus of work:** Completing the Project Approval and Environmental Document. It is intended to adopt a mitigated Negative Declaration. A public hearing will be held to provide opportunity for public to comment on the project.
